

Youth Water Academy

Spring 2022

How does water get to your home, work or school? How is our water treated? What makes it safe to drink? What is your local water utility doing about climate change? **If you've ever wondered about the water you drink, apply for the Youth Water Academy!**

CHCCS STUDENTS FROM GRADES 9 TO 12 ARE INVITED

to apply for OWASA's Youth Water Academy. Participants will learn about the fascinating process of protecting, sourcing, treating, and delivering the community's water and wastewater services.

LEARN FROM OWASA'S TALENTED TEAM

of engineers, operators, distribution crews, scientists, administrative staff and more. They work behind-the-scenes to deliver safe and reliable water and wastewater to the community.

EARN LETSERVE SERVICE HOURS

Twenty (20) LetServe Service Hours are available for participation in the program.

DATES: Mar. 16, 23, April 6, 13 and 20

TIME: 4:30-6:00pm

LOCATION: 400 Jones Ferry Rd. (most sessions will take place in-person and outside; masks are required)

GRADES: 9 - 12

COST: Free!

DEADLINE TO APPLY: Feb. 25, 2022

Apply now: owasa.org

Learn
